Junior Cadet Leadership Camp

A few weeks ago GMC conducted Cycle 1 of the Junior Cadet Leadership Camp at GMC's Milledgeville Campus with our own Cadets from GMC Prep. 39 Prep Cadets (rising 10th graders – 12th graders) spent two days in intense physical and mental training – all focused on developing their leadership skills. The Junior College Cadet Cadre also joined in and worked in support of our Prep School Cadre (LTC David Lewis and team). Below is a photo from the training at the Lake Sinclair/GMC Lake Lot.

Last week, 210 Cadets from 19 different schools and 40 Senior Army Instructors and Army Instructors from the Atlanta area and North of Atlanta participated in Cycle 2.

While at JCLC, cadets learn about teamwork, how to combat their fear of heights, enjoy intramural sporting events, and meet the objective of getting to Goat Island during the canoe operations. The Camp Commander, LTC Steve Hammerstone, stated [in this video](#) that it is all about these Cadets and teaching them to take command of their fears. Visit [this link](#) for a testimony to the challenges cadets faced throughout the week during Cycle 2.

Thank you to all who have helped make the Junior Cadet Leadership Camp a success!

Three Prep School Students Travel to London as RHS Summer Term Ambassadors

Three Prep School students, Melinda Steele, Mattison Strom, and Emily Arp, have traveled to London, England as GMC's first ever Royal Hospital School Summer Term Ambassadors!

They are embarking on a wonderful educational adventure at the Royal Hospital School near Ipswich, England. For the next five weeks they will be immersed in the classroom there with their British counterparts. We are so appreciative to RHS for this international exchange opportunity.
